GLOBAL CLASSROOM: AN EDUCATION EVERY PARENT, TEACHER AND CHILD WANT.

Global Classroom is a holistic education and a process of perfection of every child and class. This vision-led curriculum comes with textbooks, on-going diagnostic assessments, self-analysis reports, personal development plans, teacher guidelines, training and support.

Global Classroom is the world's first education programme designed on the principle of 'Compete with Yourself'. Global Classroom's study processes integrate kinesthetic, tactile and visual methods, which along with strategies to accelerate learning, help boost every child's performance and confidence. Parents become better informed partners in their child's learning. Teachers feel more creative, motivated and inspired.
